

PO Box 695, Ranchester, WY 82839

Ranchester Municipal Buildings Lighting Upgrade:

Please provide a quote on the attached price schedule to the Town Engineer: Chris Johnson PE ranengineer@ranchesterwyoming.com no later than the end of day November 19th, 2019.

Each contractor shall set up a mandatory meeting with Chris Johnson PE, Town Engineer to perform a site visit within each building to ensure accurate quotes.

The Town may choose any or just a few of the items therefore each line item quote must include all costs associated with it to remove, furnish and install the lights.

All proposed lighting shall meet the Illuminating Engineering Society light design standards and shall be more efficient than the lighting that is replaced.

The Contractor will propose the lights they recommend for each location with specifications attached. The contractor will be chosen based on a combination of light efficiency, quality, effectiveness, and total cost.

Prior to any work the contractor shall provide the required certificate of liability insurance listing the Town as additionally insured, a W-9, and proof of good standing with Wyoming worker's compensation.

All work shall be supervised by a licensed electrician as required by Wyoming State Law.

Final Completion shall be not later than February 28, 2020.

The contractor will guarantee the work for one year upon final completion.

Final payment will be subject to Wyo. Stat. 16-6-602.
